

Tea Trolley

The standard Tea Trolley is very easy to use and features exceptional mobility. Available in custom sizes and configurations (see tea/tray trolley combination below), trolleys can be provided new or converted from existing Tea Trolleys to an electric MotorDrive unit.

MOTORDRIVE CONVERSIONS

Battery/electric MotorDrive conversions can be carried out on both new and existing trolleys, with both 12V and 24V options for either forward drive only, or forward and reverse drive.

Ask us to find out whether your trolley can be converted!

Features:

- Simple To Operate
- Exceptional Maneuverability
- Custom Sizes & Configurations

Also Available:

- Cambro 5.5L Urn
- Cambro 11L Urn
- Welded Urn Brackets (as shown)

Trolleys are available in custom sizes and configurations.
