

Chairlift XL

The heavy duty Chairlift XL has been designed to move both stackable chairs and single chairs, in both cases it dramatically reduces the number of trips required when physically moving these items.

Features:

- Moves chairs of varying sizes
- Moves chairs of varying weights
- Moves chairs effortlessly
- Chair weight is transferred to the chair trolley
- Light weight and easy to handle
- Reduces back strain
- No assembly required

Left: Carry single, or multiple stacked chairs with ease.
