

OxyBottle Trolleys

Our large Oxygen Bottle Trolleys convert to a safe and easily maneuverable four wheel trolley suitable for both indoor and outdoor use. It can be easily managed by any staff member, as all the weight of the bottle is taken by the trolley. Suits E/G size.

Our smaller OxyBottle trolleys feature collapsible handles for an exceptional storage solution. Contact us to find out more!

Features:

- Two wheel bottle transfer trolley
- E and G size converts to four wheels when required
- Lightweight and maneuverable
- Bed or trolley mount holders
- Custom design available

Above: C size Oxybottle Trolleys.
Left: Converts to four wheels as required.
