

Clean Clothes Trolley

This new product has been designed for distributing clean clothes and linen, however the flexibility to suit broader applications is also a useful feature. It is constructed of a chrome plated wire which not only makes for a sleek appearance but also provides substantial durability.

Features:

- Capacity to accommodate 16 people
- Retractable clothes hanger
- Included name tags
- Lightweight wire shelf design
- Easy to clean
- Push handle and directional lock castors
- Adequate spacing for bulky items
- 125mm castors with corner buffers stock
- Various sizes and upgrades available

Below: 24 person capacity pictured. 16 and 32 person capacities are also available.
